Gentlemen:

In your fifth Monthly Progress Report, dated 5 February 1969, you list three unresolved contractual problems. Written approval of resolution values, as contained in your letter of 31 October 1968, has been forwarded to you by registered mail. Approval to proceed on all sub-assemblies prior to approval of S/N-1 has also been forwarded to you. This letter constitutes written approval of the Stage design and the High Intensity Illuminator design of the subject instrument.

Technical questions relative to the above, or other aspects of this contract may be referred to the Contracting Officer's technical representative for this contract (telephone number
